26th November 2024

Dear

**FREEDOM OF INFORMATION REQUEST – FOI 998/24 SPEED INDICATING DEVICE
INSTALLED AT CLIFTON DYKES**

I refer to your request for information received by Cumbria Constabulary on 6th November 2024. I note you seek access to the following information:

Please can { Redacted } request a copy of the anonymized data from the Speed Indicating Devices that were installed in Clifton Dykes within the last 10 weeks.

Your request for information has now been considered and I can confirm Cumbria Constabulary does hold information relevant to your request, however, there is no requirement to disclose this information to you as the information is already in the public domain.

Where information is reasonably accessible to an applicant by other means, the information is exempt from disclosure by virtue of Section 21(1) of the Freedom of Information Act. Section 21(1) is an absolute, class-based exemption which means there is no requirement to undertake a public interest test to determine if the considerations in favour of maintaining the exemption outweigh the considerations in favour of its release.

In accordance with Section 17(1) of the Freedom of Information Act, this letter serves as a Refusal Notice for your request.

Notwithstanding the above, in accordance with the duty to provide you with advice and assistance, and for your convenience, I have below provided a link to the relevant page on the Constabulary website, which contains information about road safety issues in the Clifton Dykes area. This information includes the outcome of a recent deployment of a Speed Indicating Device (SID) at the location.
