manual search of all files to obtain these details. To do this will exceed the “appropriate limit” as this would require a manual review of all relevant entries.

The “appropriate limit” is set out in the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004 and the current limit for police forces is set at £450, which equates to 18 hours of work.

Section 12(1) of the Freedom of Information Act does not oblige a public authority to comply with a request for information, if the authority estimates that the cost of complying with the request will exceed the appropriate limit. In view of this, and in accordance with Section 17(5) of the Act, this letter serves as a Refusal Notice for your request.

Notwithstanding the above, in anticipation it will still be of interest to you, it is possible to provide you with the information requested in the remaining questions, as it was possible to retrieve this information directly. This is information I would otherwise have advised you to submit a revised request to seek disclosure of in accordance with the duty to provide advice and assistance.

Please see the attached which provides the remaining information requested.

Police forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons this force’s response to your questions should not be used for comparison purposes with any other response you may receive.

Whilst every care has been taken in the retrieval of the information provided, please do not hesitate to contact us for clarification, if you do have any issues or queries relating to this data.

Complaint Rights

If you believe your request has not been properly handled, or you are otherwise dissatisfied with the outcome of your request, you have the right to request an internal review.

In the first instance, please email freedomofinformation@cumbria.police.uk quoting the FOI reference number and explain why you are dissatisfied. Your complaint will be considered and a response will be provided to you after your complaint has been investigated.

If you remain dissatisfied following conclusion of the internal review, you have the right, under section 50 of the Freedom of Information Act, to complain directly to the Information Commissioner.

The address for the Information Commissioner can be found below:
