Dear

FREEDOM OF INFORMATION REQUEST – FOI 291/25

I refer to your request for information which was received by Cumbria Constabulary on 8 March 2025. I note you seek access to the following information:

***The number of men, and, women, reporting to your police force as victims of stalking.
This is for each of these two years: 2022/23 and 2023/24***

Your request for information has now been considered and I can confirm Cumbria Constabulary does hold some information relevant to your request and where this is the case I have today decided to disclose this to you.

	2022/23	2023/24	Grand Total
Female / Transgender Female	641	601	1242
Male / Transgender Male	150	160	310
Grand Total	791	761	1552

The information provided has been extracted from the Constabulary's Crime Recording System. A keyword search using the term 'stalking' has been used. Please note the data does not include victims of Breaches of Stalking Orders.

Please also note: A keyword search may not accurately identify all information held by the Constabulary. If, for example, the keyword(s) were recorded in a different field to that which has been searched, or if another name or term was used to describe stalking, any such records would not be identified by the keyword search which has been undertaken. For this reason, although provided in good faith, the information may not be wholly accurate.

Police forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.

Whilst every care has been taken in the retrieval of the information provided, please do not hesitate to contact us for clarification, if you do have any issues or queries relating to this data.
