Dear

FREEDOM OF INFORMATION REQUEST – FOI 18/25 – Hate Crime

I refer to your request for information which was received by Cumbria Constabulary on 6th January 2025. I note you seek access to the following information:

A Dataset (.ods, .csv or .xlsx) containing all police recorded hate crime offences recorded by the Cumbria police force in the financial year(s) 2015/16, 2016/17, 2017/18, 2018/19, 2019/20 and 2020/21 disaggregated by i) Community Safety Partnership (CSP) area, ii) motivating factor and iii) month. I.e., every row should show the total number of hate crimes committed by a certain motivating factor in a certain month in a certain CSP area. The motivating factors covered should include "Disability", "Race", "Sexual Orientation", "Religion" and "Transgender Identity".

Your request for information has now been considered and I can confirm Cumbria Constabulary does hold information relevant to your request and I have today decided to disclose this to you.

Information relevant to your request was extracted from the Constabulary's Crime recording database. Searches were undertaken for all offences and filtered using the HMIC recognised 5 Strands of Prejudice of Race, Faith, Disability, Sexual Orientation and Transphobia, for the financial years requested.

As Cumbria does not have specific CSP areas and the CSP is for Cumbria as a whole, the data is provided based on Cumbria's 2 local council areas. BCU data prior to 2023 has been manually completed in order to base the data in line with the new local government reform structure, from 6 unitary councils into 2 councils.

Please note that Hate Crime flags for individual Prejudicial Strands can be applied to one or more than one report.

See attached PDF for information relating to your request.

Police forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.
