

Chief Constable
Chief Constable Robert Carden
Police Headquarters
Carleton Hall Penrith,
Cumbria
CA10 2AU

8th January 2025

Dear

FREEDOM OF INFORMATION REQUEST – FOI 1117/24 Domestic abuse response times

I refer to your request for information received by Cumbria Constabulary on the 11th of December 2024. I note you seek access to the following information:

I would really appreciate it if you could outline responses to the following:

- 1) The grading system and definition used when categorising calls as 'DA' or 'DV' within your police force.*
- 2) The grade given, response time, and local authority/area police were called to for each domestic abuse incident from 1/11/23 to 1/11/24.*

Your request for information has now been considered and I can confirm Cumbria Constabulary does hold some information relevant to your request and where this is the case I have today decided to disclose this to you.

The information in response to question 1 of your request has been provided by the Constabulary's Control Room Senior Management.

Question 1- *The grading system and definition used when categorising calls as 'DA' or 'DV' within your police force.*

Cumbria Constabulary do not use one specific grade for DA incidents, instead all contact received regarding a DA incident (whether this by via telephone or digital contact by a victim or third party) is subject to a THRIVESC assessment by a call taker, who in Cumbria Constabulary are all experienced Police Officers. The officer will assess the Threat, Harm, Risk, investigative opportunities, Vulnerability, Engagement, Safeguarding & Crimes identified during the call or contact and then make a determination as to the most appropriate grade for the information they have received.

The grading will then be set as per the Constabularies Incident Management & Response Procedure;

Grade 1 - EMERGENCY. Attendance within 15 mins urban 20 mins rural measured from the time of call

Grade 2 - PRIORITY. Attendance within 1hr (measured from the time of the call)

Grade 3 - STANDARD - Non urgent incident where a police attendance is required with 48 hours.

EMPLOYER RECOGNITION SCHEME

BRONZE AWARD

Proudly supporting those who serve.

Grade 4 - RESOLUTION. Call resolved within the Control Room.

Grade 5 - INFORMATION. No response required. No crime recorded. Information only.

Grade 6 - APPOINTMENT - Non urgent incident where police attendance can be scheduled within an agreed appointment time (normally within 48 hours, but up to 7 days on agreement with caller).

The grading can however change upon receipt of new information, to ensure that the most appropriate grade is given to the incident, which will be dependent on the threat, harm & risk identified at the time.

The information provided in response to question 2 of your request has been extracted from the Constabulary's Incident recording system. Please see the below caveats in relation to the data provided.

- The incident response system in use only has a "DomesticAbuse" flag for incidents and does not differentiate between Domestic Violence and Domestic Abuse.
- The response time for Grade 6 appointment incidents can be affected by several factors, including the availability of the reporting person to meet with police.
- Due to the geographic nature of the county, Cumbria police have distinct response time targets for incidents depending on whether the coordinates are classified as rural or urban for emergency incidents (Grade 1). This classification is based on the ONS's Lower Super Output Area (LSOA) classification which can be found here: <https://www.ons.gov.uk/methodology/geography/ukgeographies/censusgeographies/census2021geographies#lower-layer-super-output-areas-lsoas>
- There are several data quality issues in this return, these can be caused by human or system error and result in an invalid response time. These have been denoted by "DATA ERROR" in the response time column. In addition, when reporting on response times for internal performance metrics, the Force uses median, not average response time. There are outliers present in this data, and as such attempting to calculate an average response time can lead to an incorrect representation.

Question 2- The grade given, response time, and local authority/area police were called to for each domestic abuse incident from 1/11/23 to 1/11/24.

Please see the attached PDF which contains the information in response to this part of your request.

Whilst every care has been taken in the retrieval of the information provided, please do not hesitate to contact us for clarification, if you do have any issues or queries relating to this data.

Complaint Rights

Your attention is drawn to the attached sheet, which details your right of complaint.

I would like to take this opportunity to thank you for your interest in Cumbria Constabulary.
